Government's Cash Counted for First Time in 12 Years

MACHINES USED FOR WORK

Finished in Three Weeks—26 Men on the Job

WASHINGTON.—(By Associated Press.)—A complete count of the government's cash has just been made for the first time in 12 years. The total approximated three billion, five hundred million dollars and included all cash and securities held as reserves against currency outstanding.

The count was made by a special committee of three, assisted by eight accountants and by 15 laborers who were used to move about the heavy sacks of gold and silver. The men delved into great vaults in the Treasury building and took stock of gold, silver and paper money and securities many of which had not been seen the day since shortly after William Howard Taft was inaugurated President and a new treasurer of the United States appointed in 1909.

GUARDS ON DUTY

The accountants in entering the vaults passed grim-visaged guards who day and night "sit on the lid" to prevent any possible attempts at an unauthorized raid on the Treasury. The vaults themselves are supposed to be burglar proof and are of massive concrete and steel construction. The storage sections are kept under seal and this was the first time that some of them had been opened, in 1909, when John Burke became treasurer after President Wilson was first inaugurated. He accepted the count of cash in the storage sections which had not been opened since the previous count in 1909.

The accountants handled money of very possible denomination from the lowly copper to \$10,000 bills. Many of the bills, particularly those of \$1,000, were sheets of four such and held as reserve against currency of smaller denominations in circulation. Thousand dollar bills are few and each bank in the country is kept supplied by the Treasury with a list of them and their numbers so that if perchance any are extracted from the Treasury the holder will have extreme difficulty in realizing on them.

THREE WEEKS' JOB

The count, which was finished, was made necessary by the retirement of John Burke as treasurer and was completed in the remarkable short time of three weeks through the use of electric counting machines. Loose coins passed through these machines instead of being counted by hand as was necessary in the olden days. Paper currency was counted by the piece, but stamped coins and currency were counted by the wrappings which were unbroken and the seal on each intact.

The main supply of the government's money is stored in two large vaults, but there are a number of smaller ones in the various divisions of the department as well as in the cash rooms where cash payments are made by the government.

Gold coins stored in the vaults were counted by weight. The gold is kept in sacks, sealed with the treasurer's seal and containing \$5,000 each, weighing about 18 pounds 7 ounces. First one sack was weighed and then the others were examined. If both the seal and covering were found intact they were weighed against the first test sack and if the result was the same were passed and counted. However, if a seal was broken or the sack torn, the weight was appreciable difference in weight the contents were counted by the piece.

Standard silver dollars were counted in the same way as the gold coins. They were stored in sacks containing 4,000 and weighing about 60 pounds. When the silver coin was lessened, the official seal of the Government's minting 100,000,000 silver dollars under the Puritan Act for sale to the British government to relieve the silver famine in India during the war.

Paper money is stored in paper packages making a cube about 10 inches each way and containing \$100,000.

Weather or "Razz" Puts Kibosh on The "Golosh"

Have they been "razzed" out of their goloshes?

May be so and may be not. Nevertheless, the dear things have been several days, minus the usual flap-decorations that that have of late been so plentiful in the shoe population of the city.

Dame fashion, in some mysterious word thru her invisible channels, the sensible footwear which look so shapely when unbuckled are now there has been a noticeable decrease in the number of articles around Wednesday and Thursday, when in the business district displayed the most prominent of the curious and the nearly buttoned up.

The question now is, was it the weather or the "razz" that put the kibosh on the golosh?

ALWAYS DELIVERS PRESIDENT'S SALARY AT WHITE HOUSE

Mrs. Kate Shea

On the last day of each month since President Wilson's first inauguration, Mrs. Kate Shea, messenger in the treasury department, has delivered the president's salary check to the White House. She was snapped in front of the treasury with the envelope containing the presidential check for January, 1921.

NEW OFFICERS OF GLAMORGAN CO.

Stockholders Stand to Lose in Defunct Tire Concern

MRS. J. G. BIRKMEIER DIES

News Happenings in Brief From Delphos

DELPHOS—(Special.)—Very little money will be realized by the stockholders of the Glamorgan Tire and Rubber Company, it was announced Wednesday, following a meeting of stockholders at Springfield. That the affairs of the defunct rubber company are in a hopeless condition most of the stockholders agreed.

Regardless of these conditions of the corporation, the stockholders elected the following board of directors: F. H. King, Henry Gemke, Dr. G. G. McCoy and John A. Scherger of Delphos; J. A. Davis of Oak Hill; Chas. Perkins, of Woodlawn, Pa.; and W. O. McCormick of Byesville. After their election the board of directors by electing the following officers: President, F. H. King; vice president, J. A. Davis; secretary, Henry Gemke; treasurer, Dr. G. G. McCoy.

Delphos stockholders secured control of the board by electing four out of the seven members.

The Pappas shoe hining stand on N. Main-st., will be sold a week from Monday to satisfy claims, some of which were settled by the owner, Alex. Pappas, but three still remain unsatisfied. The attachment proceedings were filed in Squire Bliss' court.

That Ottoville will have a Knights of Columbus council was definitely determined Wednesday at a meeting held there by prospective members.

L. Jauman of this city, District deputy with others, attended the meeting. He reports that 41 of those present signed the application for a new charter.

The members are now waiting to hear from the supreme office.

Charles R. organ and Sarah Archer were united in marriage on Wednesday at 4 o'clock by Rev. Glen Poroff. The couple will be at home to their friends at the groom's residence on W. Seventh-st.

According to a report emanating from outside the city, the large truck stolen from the garage of C. F. Lehman on W. Second-st. was seen northwest of the city Tuesday.

Chas. T. Pierce and John Stevens have taken over the operation of Middle Point formerly operated by Samuel Hession of this city, and will conduct same under the firm name of Pierce and Stevens.

The body of Mrs. John G. Birkmeier, who passed away suddenly Wednesday, at the family home on W. Second-st., will be interred Monday morning in St. John's cemetery. She is survived by her husband and seven children. She was born January 1, 1856, at Sebastian, Mercer-co, the daughter of Henry and Christian Roetker.

The latest word from the bedside of O. A. Coates, E. Ninth-st., is to the effect that he will not recover. He is in a Marion, Ind. hospital, where he was taken following a railroad accident. Coates is a Clover Leaf brakeman.

Local Council, Knights of Columbus, at a meeting early in the week chose members with state talent to take their part in a big minstrel to be held after Easter, or March 30 and 31, at the St. Johns auditorium. The entertainment is being announced, will be conducted under the direction of the Cleveland Producing agency.

It is also announced that a number of ladies of Delphos will be asked to take part in the show.

OHIO DANCING MASTERS TO DECLARE WAR ON SHIMMY AND TODDLE

AKRON—Dancing masters arriving here today for the annual convention of the Ohio State Dancing Teachers' Association announced their determination to declare war upon the shimmy, toddle and other forms of so-called modern dances. The convention will open Sunday. A delegation of the Pittsburgh Society for the Improvement of Dancing will be here Monday to confer with Ohio teachers.

State legislation for the licensing of dancing teachers and dance hall proprietors will be urged by the association, it is expected.

HOTEL IS BURNED, \$1,500,000 LOSS

Largest Tourist Hostelry in Augusta, Ga., Destroyed

W. H. TAFT'S WINTER HOME

Many Guests Are Rescued by the Firemen

AUGUSTA, Ga.—(By Associated Press.)—The Bon Air, Augusta's largest tourist hotel, was destroyed by fire at 2:30 o'clock this morning.

The loss, including personal belongings of guests, is unofficially placed at \$1,500,000. None of the 260 guests was injured, being awakened by a night clerk shortly after the fire was discovered. Many were carried to safety by the firemen.

In recent years the hotel had been the winter home of former President William H. Taft, John D. Rockefeller, Nathan Straus and many other notables.

The building was valued at about \$800,000 and is understood to have been fully covered by insurance.

The guests, with such personal property as they were able to save, spent the rest of the night at other hotels or at homes in the winter colony. Several guests, who were ill, were carried to hospitals.

PENNSY SEEKS BIG BOND PERMIT

Would Issue \$120,000,000 in Securities—Plans Improvements

WASHINGTON—(By Associated Press.)—The Pennsylvania Railroad Company asked the interstate commerce commission today for authority to issue \$120,000,000 worth of gold bonds. Half of the amount bearing interest at 6 1/2 per cent would be sold and the other half, bearing interest at 6 per cent would be pledged as security for the bonds placed on the market.

Of the funds to be derived from the sale of \$60,000,000 of bonds to be marketed, \$20,000,000 would be used to purchase equipment of the Pennsylvania company, of which the railroad owns the majority of stock, and \$22,000,000 would be used in purchasing shares owned by the Pennsylvania company in the Pittsburgh, Fort Wayne and Chicago Railway Company, and in other units of the Pennsylvania system. The balance would be held and spent for capital expenditures authorized by the general mortgage to be contracted to secure the \$60,000,000 second issue.

The Louisville and Nashville Railway Company applied for permission to issue \$3,500,000 of first mortgage bonds to be secured by a general mortgage on the properties of the Southeast and St. Louis Railway Company of which the Louisville road is the lessor. The money is to be used to retire a like amount of bonds maturing on March 1.

GAS CASE MAY GO TO TOP COURT

Long Legal Battle Between Cleveland and Co. Expected

CLEVELAND—(By Associated Press.)—That the East Ohio Gas Company will move early next week for the dissolution of the temporary mandatory injunction allowed to Cleveland, East Cleveland, Lakewood and West Park yesterday by Common Pleas Judge Baer to prevent the gas company from shutting off natural gas at midnight Sunday, was indicated by statements made to the court by attorneys for the gas company.

The granting of the temporary injunction prevents the gas company shutting off service at the expiration of their present franchise and also compels it to comply with the regulatory sections of the franchise recently passed by city council which provides for a continuance of gas at the present rate of 35 cents per thousand cubic feet, was bitterly fought by the company.

Attorneys believe that the legal battle that will ensue will probably reach the United States supreme court before it is finally settled.

FIGHT IS TO BE CARRIED ON

Carl Hollenbacher Found Sane by Jury

TAKE CASE TO HIGH COURT

New Trial to be Asked by Counsel for Defense

Judge E. A. Armstrong, legal counsel for Carl Hollenbacher, announced Friday he would leave no stone unturned and exhaust every bit of law at his command in an endeavor to have his client sent to the Lima State hospital, where he could have the benefit of treatment for a disordered mind.

The verdict of the jury which heard the sanity test of Hollenbacher the past week returned a verdict at 5:30 o'clock Thursday evening that he is sane.

The jury took the case for deliberation at just five o'clock. All of the twelve jurymen signed the verdict.

PRISONER IS UNMOVED

Hollenbacher moved neither to the right nor the left. He sat in the same, indifferent way in which he has remained thruout the trial. He cast his eye up at Clerk Clem during the reading of the verdict, then dropped it as he turned toward the floor. He was led back to his cell in the county jail.

Hollenbacher seemed to have little appreciation that the verdict, unless changed by one or the other of the higher courts, means he must spend the remaining days of his life behind the bars of the state penitentiary. He manifested this same state of indifference and the stolid manner when the jury returned a verdict at the murder trial. He took no more interest in the decisions than if he had not been the person at whom the verdict was directed.

Taking of testimony in rebuttal Thursday afternoon was enlivened by the presence on the witness stand of three "ouag children." They were: Evelyn Summers, 10 daughter of Mr. and Mrs. Michael Summers, Jr., 332 W. Wayne-st. and Lucille and Willie Frey, 8 and 6 years old respectively, children of Mr. and Mrs. Oscar Frey, 333 W. Wayne-st.

TESTS FOR CHILDREN

In the presence of the crowded courtroom, Judge Armstrong submitted tests to the children to show what they, the young, could do, as against Carl Hollenbacher, a man of 38 years.

Drs. Shelby Mumaugh, J. B. Vail, P. J. Tussing and D. W. McGriff called in rebuttal on the testimony of Dr. Henry H. Goddard, of the bureau of juvenile research. All testified they could not see how the tests made by Dr. Goddard influenced more than the seeing, hearing, attention and intellectual faculties of Hollenbacher.

Judge Armstrong emphasized that he received only a pitiful fee as compensation for looking after the interests of Hollenbacher, in arguments to the jury. "But I would feel that I was unworthy to stand at the bar of this court if I did not fight this battle, to the last extremity, for this poor, friendless, helpless human creature, Carl Hollenbacher," Armstrong said. "He is as helpless as a little child. He has no one to hold him—no one on who to lean."

He reviewed the case and the testimony for 20 minutes, concluding with the words: "Hollenbacher is without control. He is like unto a ship at sea, without rudder or sail, drifting at the winds see fit to guide the craft."

Prosecutor Lippincott and Attorney Cable, in their brief argument to the court, emphasized the fact they would not have placed Hollenbacher on trial in November, 1919, for murder, if they had believed him insane. They asked the jury return a verdict re was sane now, so as to prevent the impediment of justice.

ARMSTRONG'S PLEA

Judge Armstrong, in his final plea to the jury, presented the sympathetic side of the question. "We are only asking that this helpless creature be sent to the Lima state hospital for treatment and we beg of you men, with hearts and homes and happy and bright little children gathered about you, to extend this one aid to this man who has been bereft of even a common school education, has had none of the delights of life, has a disordered mind and absence of control of his feelings and emotions, that he may be restored to health, instead of sent back to dungeon cell to spend the remainder of his days in abject hopelessness," Judge Armstrong pleaded.

The trial consumed just four days, having opened Monday morning of this week. The former trial was begun on Monday and Hollenbacher knew the verdict of the jury at a little past 1 o'clock on Thursday night of that week.

Thirty-six witnesses in all testified at this trial for Hollenbacher and 19 were presented by the state.

MAN'S BODY FOUND

NEWARK, O.—The body of a man identified as George Tope, 35, was found along the Pennsylvania tracks near Outville, this county, at daylight this morning. The identification was made by a membership card in the Columbus Eagle lodge found in the pocket and other lodge receipts. There was nothing to indicate the cause of death.

BOMBS USED IN RACE CLASHES

Wealthy Negro's Home In Chicago Is Partially Wrecked by Explosive—Several Persons Injured and Windows are Shattered for Half Block

CHICAGO—(By Associated Press.)—A bomb thrown from an automobile into the doorway of a four story apartment building on the south side, owned and occupied in part by Robert Jackson, a wealthy negro, shattered windows in half of the block late last night, and several persons were injured by flying glass. A policeman nearby saw the missile being hurled from the car, which he said contained three men. He fired three shots at them before they disappeared around a corner.

The front door of the building was blown in by the explosion and a portion of its stone porch was blasted away. It was the second bomb to be exploded in front of the building in a year, and the fourth in the same block.

Jackson denied he had ever received any threats altho police say race feeling is responsible for the explosion. Of twenty-two houses in the block, only two are occupied by white families.

REWARD FOR BOMBERS

ABERDEEN, Wash.—Awards totaling \$5,500 were offered today for the arrest of the man who attempted to dynamite the American Legion building here last Wednesday night by placing a bundle of dynamite with lighted fuse attached under the corner of the structure.

Following the proclamation by Governor Louis F. Hart at Olympia, of a reward of \$500 for the arrest, Aberdeen citizens subscribed an additional \$5,000 tonight.

ACTION AGAINST ALLIES URGED

German-Russian Alliance to Meet Demands Hinted

BERLIN—(By United Press.)—Germany was desperate today. With all classes united in opposition to paying the \$5,000,000,000 demanded by the allies, as they have not been since the early days of the war, the nation was ready to take reckless action.

Under consideration were plans for:

An alliance with the Russian soviets.

A throwing up of hands, bidding the allies to do what they will.

A strong effort to convince the allies that the reparations demanded will wreck the country, thereby damaging the allies.

DEMAND DENOUNCED

The allied demand formed Germany's one great topic of conversation. It was denounced from street corners, in street cars and in the gathering places of all groups. Union laborers and capitalists agreed, with the communists.

The "Red Flag" Bolsheviks stated: "An alliance with Russia is the only way out for the German worker. This is not a threat of war, because we communists know the working class will not draw the sword except when that is the only exit."

Indicative of the ferment in which Germany finds herself were the statements of newspapers. Most of these urged action. All reiterated the declaration that "Germany will not pay."

"Germany must not confine herself to protests," the Freiheit said. "We must seek to negotiate honestly and openly. We cannot afford to let German nationalism awaken the nationalism of other nations."

MAIL ROBBERY AT DAYTON FOILED

Bandit Captured As He Holds Up Truck Driver

DAYTON—(By Associated Press.)—Foiled in an alleged attempt to steal two registered mail pouches from a mail truck at Troy at 5:15 o'clock this morning, Lee Bauman, 35, was held under \$25,000 bond when arraigned before United States Commissioner Lentz of Dayton, three hours later, on a charge of stealing a mail pouch.

Acting upon a tip that a robbery was to be staged, federal officials and deputy sheriffs stationed themselves in a store near the postoffice and watched the bandit attack Leonard Hodge, the mail wagon driver bind him to a post and place the two pouches in a waiting automobile.

Firing thru a window of the store and rushing out the door, deputies surprised and surrounded Bauman. One bullet struck the windshield of his car but he escaped injury.

Federal officials have been on duty near the Troy postoffice since a former mail robbery there September 11, 1920. They are unable to state the exact amount of money contained in the two pouches.

READY FOR STRIKE, CHIEFS SAY

Won't Submit to Board's Grant of Roads' Demands

LABOR LEADERS SUMMONED

Called to Chicago for Hearing Before Bureau

CHICAGO—(By Associated Press.)—International and national officers of the railroad labor unions today were summoned to Chicago to consider labor's side in the controversy before the railroad labor board over the employers' proposal to abrogate the national agreements which brought threats of a general strike from two railroad labor union leaders yesterday.

William Schoenberg of Chicago, organ of the machinists' union, told the Federal Trades Council of Milwaukee that a general railroad strike will take place within a week if the railroad labor board permits railroad executives to abrogate wage contracts, adding that the program of the railroad executives is part of the open shop fight against union labor.

READY TO QUIT

Copies of a statement issued in Detroit by S. J. Fogg, international secretary-treasurer of the maintenance and way employees and railway shop laborers, announced that 370,000 members of the organizations would stage a country-wide walkout without the formality of a strike vote the moment wages are cut or the national agreements are broken.

"The men will not work for less money," Fogg said, "irrespective of the wishes of union officials or what they might say. Thousands of them, embittered over wage conditions, are ready to leave their work."

HEARING MONDAY

The railroad labor board went into executive session after the completion of another portion of the hearing on wage agreements yesterday and announced it would hear B. M. Jewell, representing the railroad unions, next Monday. Statements in rebuttal by the employers are to follow, the board decided, and an immediate decision is expected.

Ways to assist in the financial rehabilitation of the railroads were discussed at a meeting of shippers and bankers here yesterday. The conference was behind closed doors, but it was learned that some of the proposals considered were speeding up of congressional action so that railroads can get the money due them since the days of governmental control, readjustment of wages and tariffs and abrogation of the national agreements in part at least.

CHARGES IN RAIL WAR

WASHINGTON—(By United Press.)—Efforts to win support of government officials and congressmen today, brought from each side in the "railroad controversy" charges of "sinister motives" against the other.

Representatives of the railroad unions charged the managers with trying to break the labor organizations except for the brotherhoods. And the managers said the men were trying to bring about federal control.

"Behind the plea of the managers of the railroad labor board to abrogate the national agreement, lies the wish to break all the unions except the four big brotherhoods," said William H. Johnston, head of the machinists.

"Right now the managers are patting the brotherhoods on the back. They want to be rid of the militant shop craft organization. They will turn on the brotherhoods after that. There are ten unions besides the brotherhoods, most of which gained their greatest strength during the period of federal control. All of them are affiliated with the American Federation of Labor."

Supporting their charge that the unions want federal control, representatives of the managers point out that most of the union leaders were either members or officers of the Plumb Plan League. Johnston is affiliated with the league and is an open advocate of government control.

While these efforts to win officials and congressional support were being carried on, there were indications that the present administration and present congress would leave their hands off the railroad situation unless it threatened a strike and the use of transportation, in which case federal control will come.

SAWMILLER SAYS COURT ERRED

Cites Dozen Reasons for Asking a New Trial

Clarence Sawmiller, former proprietor of a soft drink parlor, 307 E. Wayne-st., has appealed his case to common pleas court on error.

Sawmiller was fined, about a month ago, \$1,000 and costs in police court, after he was convicted of violation of the Crabbe act. Unable to pay the fine and costs, he was remanded to the county jail.

While there he will be allowed payment of the fine at the rate of 65 cents a day. At that rate Sawmiller would be confined behind the iron bars for more than four years. He sets forth 12 reasons why he believes the court erred in his case. They are: (1) Overruling motion of Sawmiller to dismiss the case at the time the state rested; (2) Search and seizure act is illegal, void and contrary to law; (3) Arrest, detention and imprisonment of Sawmiller is unlawful and void and contrary to law; (4) Finding of Sawmiller guilty is against the law in the case; (5) Judgment and fines or penalty contrary to law; (6) Error in finding Sawmiller guilty; (7) Material variance between the affidavit and evidence; (8) Committing Sawmiller to imprisonment contrary to law, illegal and void; (9) Judgment should have been for Sawmiller; (10) Error in court overruling motion of defendant for new trial; (11) Section 6212-15 of the laws of Ohio, Volume 108, Page 2, unconstitutional and void; (12) Other errors of law apparent from face of the records.

QUAKE RECORDED

Severe Shocks Register at Washington and Chicago

WASHINGTON—(By Associated Press.)—A severe earthquake shock which began at 3:28 and lasted until 4:45 this morning was reported by Father Francis A. Tondorf, director of the Georgetown observatory. The disturbance was indicated by the instruments as being 2200 miles south of Washington and reaching its highest intensity at 3:28, Father Tondorf said.

The seismograph record indicated a disturbance even more severe than that recorded December 16, last, Father Tondorf said. The scene of the December disturbance was never definitely established.

Father Tondorf estimated that today's disturbance probably was in South America.

Orders Issuance of \$25,000 Receivers' Certificates

THE EAST IRON MACHINE CO.

\$100,000 Orders on Books Insurance Operation

C. C. Mosher and Howard P. Dean, receivers of the East Iron & Machine Co., E. Mackinac, since last summer, when application for a receiver was made by the Brass Foundry & Machine Co., of Ft. Wayne, Ind., filed a petition Friday before Judge J. M. Miller in federal court at Toledo, for permission and authority to issue \$25,000 receivers' certificates, bearing interest not to exceed seven per cent and payable in six months. Permission was granted. The receivers stated that the funds asked for are necessary to carry on the business of the company, in the purchase of materials, paying labor and filling orders. They represent that more than \$100,000 orders are on hand and that more capital is necessary.

SECOND \$25,000 ISSUE
On September 21, 1930, the federal court authorized the issuance of \$50,000 receivers' certificates, \$25,000 of which have already been placed. A new order was necessary for further action. The clerk of the federal court countersigned the certificates issued.

The creditors of the East Iron Machine Co., the Old National, First National, the City Bank and the Metropolitan Bank, have waived objection to the issuance of \$25,000 certificates to carry on the business of the concern and agree that such an order is necessary.

APPRAISAL ASKED
The Old National Bank, at the same time, Friday, filed a request, as one of the creditors of the company, that the receivers be ordered to appoint three disinterested persons as appraisers for the purpose of securing an inventory of the property; that the appraisers chosen be certified to the federal court in ten days and that when application for a receiver was made by the Brass Foundry & Machine Co., of Ft. Wayne, Ind., filed a petition Friday before Judge J. M. Miller in federal court at Toledo, for permission and authority to issue \$25,000 receivers' certificates, bearing interest not to exceed seven per cent and payable in six months. Permission was granted. The receivers stated that the funds asked for are necessary to carry on the business of the company, in the purchase of materials, paying labor and filling orders. They represent that more than \$100,000 orders are on hand and that more capital is necessary.

The plant has been operated continuously since the receivership, in charge of C. C. Mosher, with a force of about 60 men, but new orders received is making it necessary to increase the force from time to time, it was stated Friday.

ORDINANCE VALID

Ruling of Attorney General on Liquor Law Fines

Copy of a ruling made by Attorney General G. J. Price, giving municipal corporations authority to enact ordinances regulating or prohibiting the sale of intoxicating liquors, was received by City Auditor Rupert, Friday morning.

This ruling will make valid the ordinance passed by council giving the city the power to revert fines from liquor law violators into the city treasury, instead of having to pay half of the fines or forfeited bonds into the state treasury, as provided in the Crabbe act.

Municipal corporations have the authority to enact ordinances regulating or prohibiting the sale of intoxicating liquors. The punishment provided for in such ordinances must be within the limits of the powers granted, that is, the offense must be a misdemeanor, the maximum fine must not exceed \$500 and the maximum jail sentence must not exceed six months. Money arising from prosecutions made under such ordinances will be distributed in the manner provided by law for such cases, and not under the provisions of the Crabbe act, regulating or prohibiting the sale of intoxicating liquors, the ruling reads.

BILL INTRODUCED TO SELL STATE LAND HERE

Representative J. L. Cochran of Allen-co has introduced a bill into the house of representatives at Columbus, for the sale of a tract of land of six and one-half acres belonging to the Lima State hospital grounds to the Baltimore & Ohio Railroad company.

The land is a triangular tract, lying between the Ohio Electric and Baltimore & Ohio railroads. According to officials of the Baltimore & Ohio, the land will be used for extension of tracks. The amount to be paid is \$2,268.

CROY HEADS HOME AND SAVINGS ASSOCIATION

E. H. Croy, president; G. E. Morris and R. W. Parmenter, vice-presidents; Harry M. Stamen, secretary; and Frank E. Mead, attorney, were chosen as officers of the Lima Home and Savings association at their annual election, Thursday evening.

JURY STILL DEADLOCKED IN WINNES MURDER CASE

HARLAN, Ky. — Judge W. C. Davis this morning called before him the jury which has deliberated since Monday night over the case of Dr. H. C. Winnes, tried on the charge of having murdered Miss Laura Parsons, teacher, and asked if a verdict had been found. The foreman replied in the negative. Judge Davis asked if the division was over the evidence. The foreman replied that it was not, and said that the trouble was simply that all of the jury did not weigh the evidence the same way.

Judge Davis talked to the jury for half an hour, urging that they make every effort to reconcile their differences and calling attention to the hardship and expense that another trial would entail. He then ordered the body to resume deliberations. He hoped a verdict would be agreed upon but should the deadlock not be broken, he said he would dismiss the jury this afternoon.

COAL MEN INDICTED CLEVELAND

The Goff Kirby Coal Company, the Glenville Coal Company and the George J. Mackley Company today were arraigned on federal indictments returned several days ago for alleged violation of the Lever act. No date was set for a hearing. Bonds were set at \$5,000. Two other companies also indicted were not arraigned.

THE STAGE IS SET— For Gooding's Annual February Clean-Up—

After all the sales we have had this year, possibly you didn't look for another one at Gooding's this month—but here it is.

Easter comes early this year and the Spring Season is about to start. We want to "clean-up" all remaining broken lines of Winter Boots, Oxfords and Slippers.

The thing to remember is that every pair of shoes in this sale is brand new style bought within the last two or three months. Most shoe stores have been buying very few shoes recently.

Not only new goods, but they are all the striking novelty creations for which we have become famous.

It will be a sale of drastic reductions, but as the quantities are limited, they cannot last more than a week or so at most.

All reasons why you should get here just as early as you can tomorrow morning.

AND THE IMPORTANT THING TO REMEMBER IS THAT THERE IS NOT A PAIR OF WOMEN'S BOOTS IN OUR STORE OVER \$9.85.

PRISONERS MEET TO SOLVE CRIME

Remarkable Gathering Held At California Penitentiary

PLANS FREELY DISCUSSED

Way to Handle Criminals is the Main Topic

(BY ELLIS H. MARTIN)
SAN FRANCISCO—While the solution of society's age-old problem came from the inside of stone walls of institutions erected by society to guard itself against the cancer of crime and criminals.

One of the most remarkable meetings ever held anywhere presaged this possibility. It was a gathering of 1,200 prisoners of St. Quentin, California's grim structure of white stone, meeting along the sunny shores of San Rafael.

The meeting, one of the regular weekly gatherings held by the prisoners without the presence of guards, was held to the consideration of its own problems and those of half a million men and women confined in penal institutions of the United States.

The California legislature now has before it a measure which would abolish the indeterminate sentence law.

This topic brought the question of a solution of one of the questions which have baffled sociologists and peace officers alike before the men whose careers have caused society to set them apart and restrain their liberty.

The discussion was free and it was the consensus of opinion of the gathering that a constructive plan be offered prison officials and the legislature as a solution of the problem of handling crime and criminals. The best minds within the institution and concededly there are many bright men there, today are working on the plan.

No great sympathy was expressed by any of the speakers for the hardened criminal during the meeting, those present stated. But to those to whom confinement has brought a new light, hope was held out. What shape the proposed plan will take will be determined at later meetings.

Fred T. Eldridge, chairman of the meeting, delivered the keynote of the meeting, and declared that ignorance was the root of all social evil. Statistics, he said, show that 75 per cent of all crimes are committed by persons who have never seen the inside of a penal institution.

"Does it not," he asked, "render a terrible indictment against the past and present reformatory system in vogue and prove conclusively that modifications of a higher quality must be introduced and maintained before any results worthy of consideration can be accomplished with men who have had the misfortune to be sent to a state prison."

"Until society demands that a more progressive system be invoked in its prisons it must not complain about the production of its present cherished mode of reformation."

NO PLACE FOR POLITICS
One of the first steps toward a solution of the prison problem, Eldridge pointed out, was the placing in the hands of non-political boards all branches of reformation. He said:

"All branches and methods of reformation from the police department to the penal institution, should be taken out of the hands of political aspirants and heathens and placed in the hands of qualified thinkers and educators. A psychological treatment should be given to each offender, and these offenders should be kept in restraint only until a thorough investigation has been established and the powers and functions of mind have been restored or elevated to normal conditions again. For crime in its entirety is the result of a disease, and a physical punishment will never cure a mental weakness, and any mode or system of reformation which has punishment as its foundation is worse than travesty—it is absolutely worthless."

LAW AS DEFENDER
Judge Smith, also a prisoner, emphasized the fact that the law was the very defender of the men whose heavy hand it felt. He spoke in glowing terms of the progress made in prison reform, and pointed out with pride to the fact that such a meeting as the prisoners were then holding would have been an unheard of thing a few years ago.

He urged a close study of the prison problem by the prisoners themselves with a view to bringing before the public a constructive plan which would work toward their rehabilitation.

Speaking of the present crime Prisoner Everett quoted statistics to show the number of thefts, robberies and homicides in the United States.

He brought a laugh from the men when he said that during the first six months of last year, in Chicago, only 729 automobiles had been recovered out of 4,357 stolen.

Everett was pessimistic over the present situation as regards prisoners, but urged that every man do his bit of helping his fellow convict.

ADAIRES ELECTED BY TILE MEN

Advantages of Tiling Farms Emphasized at Meeting

INJURED BY WASH MACHINE

Local, Social and General News of Nearby Town

ADAIR (Special) —Need of more education among the farmers of the state in regard to the advantages of tile was emphasized at the meeting of the Lima Drain Tile Manufacturers' Association at the Chittenden Hotel in Columbus. Reports from all sections of the state indicated that farmers are planning to construct tile, even in the fact of the unusually low prices they are getting for their products.

Officers elected were President, J. H. Hiltz, ADAIR; Secretary, J. H. Hiltz, ADAIR; Treasurer, J. H. Hiltz, ADAIR; Trustees, chosen from the following: Stryker, F. A. (McCluskey); Richwood; Harry Land; McCluskey; Leas; Nelson; Beaverdam; J. Leo Childs; Findlay. Several tile men from Indiana and Michigan attended.

One of the annual features of the Ada-Northwestern basketball season is being played to take place in the near future, the game between the business men and the professors. The challenge has been made by the business men and no doubt will be accepted by the Prof's. The game will be played on the Prof's. The game will be played on the Prof's. The game will be played on the Prof's.

From the annual meeting will be held on Saturday, February 11, for county reorganization for 1931. Practical state speakers will be present. Every township will be asked to have a large delegation.

Mrs. Gladys Snyder, while washing in a power driven washer and was killed by the machine. The left hand was badly bruised but the doctor says there were no bones broken.

Miss Gretchen McGugin, Miss Gladys Burch and Mr. Carl Burch, all of Fort Wayne, are visiting with the D. L. and family.

USE IODINE FOR SKIN IRRITATION

Pimples and Blemishes Vanish

If people would only have Iodine in the home at all times for a family remedy, they would nip in the bud many serious afflictions and always have an antiseptic and healing ointment for everyday accidents and ailments. Iodine is a woman's special after many years' experience in raising a large family.

The Iodine, for instance, "one day" we used to call it St. Anthony's when I was young. The red, irritated, swollen skin, the itching and burning, the maddening, and Iodine is the remedy.

In fact, it is practically unanimous in the opinion of the Iodine. They perform the best in form — Lanolite Iodine — a ointment which is soothing, healing, and powerful. It is a powerful treatment of blemishes, and is practically stainless. It is quickly absorbed into the tissues and usually gives prompt relief.

Dr. E. H. Hiltz, of Fort Wayne, has been using Iodine ointment and cream for many years and is a great satisfaction to be sure to get Lanolite Iodine for best results—Adv.

FIFTY ESSAYS ON THRIFT SUBMITTED

Fifty essays on thrift have been received from residents of Lima, by Clayton Payne, chairman of the contest committee.

A majority of these essays came from students of Lima's high schools. Committee of judges who will decide the winners of the essay contest are in addition to Payne, several local newspaper men.

"JUST YOU HEAR THE BRUNSWICK." MAUS PIANO CO.

JAPAN WILL IMPROVE METHODS OF FISHING

TOKIO.—The Japanese Government will spend \$75,000 in the next few years in methods aimed at improving her methods of fishing. According to Mr. Tajima, Chief of the Government Fishery Section, Japan has the name of being the greatest fishing country in the world, and, as labor is cheap and fish plentiful, Japan has been able to keep the name. "We have not used the best methods nor the best

implements in our fish catching," said Mr. Tajima, recently. At present much of the effort expended by 1,039,000 fishermen is wasted because the best methods are not used in catching the fish.

PARIS BRIGHT AGAIN

PARIS.—All cafes and restaurants now remain open until 1 a. m. for the first time since the war, and restrictions against use of gas have been rescinded. The theatres are open until midnight and Paris is soon to become brilliantly lighted on the pre-war scale.

CAID OF THANKS

We wish to extend our heartfelt thanks to our neighbors and friends for the kindness and sympathy shown us during the illness and death of our dearly beloved husband and father; to the different organizations for their beautiful floral tributes, to the choir for the hymns so beautifully rendered. To the Rev. Webster C. Sayde for his consoling words and sympathy. Also to Mr. Charles C. Siferd for his many kind acts and assistance.

Mrs. J. S. Shaffer and children.

DIVORCE LIST IS CLEANED UP

Judge Klinger, Soon to Retire,
Grants Five Decrees

LONG UNDER ADVISEMENT

Three Husbands and Two Wives
Win Court Orders

Prior to stepping out of office next Wednesday Judge William Klinger has given decision in a number of divorce cases taken under advisement.

Perry A. Light, Baltimore and Ohio railroad conductor, was given a decree from his wife, Cora Light, on the grounds of adultery. She was his third wife and his former homekeeper. Light told the court she sought the company of other men while he was away on his run at the time of the trial. Her divorce in his property was barred and he will be obliged to pay all court costs. They were married in Monroe, Mich., in December, 1915.

FARMER GETS DECREE

Isaac L. Hoffman, Angazette farmer, was given a decree from Irene Hoffman, former rights of the couple were approved by the court, after settlement between themselves. He told the court when an hour was to come to them, she threatened to kill him. She intended, Hoffman said, in the conduct of his business as a farmer and on to neighbors visiting at their home. Hoffman must pay court costs. They were married in Angazette in December, 1906.

NEGLIGENT CHARGED

Mrs. Verne Sargent was given a divorce from Arthur W. Sargent on the grounds of neglect. She charged he would stay with a job only long enough to get money to pay his expenses to another place. They were married in Madison in October, 1911. She was the mother of two children by a former marriage and secured restoration of her former name of Miller. Sargent is now said to be in Chadron, Nebraska.

Mrs. May Long was awarded a decree from Oscar Long, on the grounds of neglect and William Bolton was given a divorce from Anna Bolton on like grounds.

The divorce cases of Paul Circo against his wife, Elizabeth; Edward B. Bryan against Jennie Bryan and Bernard Chamrod against Luetic Chamrod have been rattled out of court and dismissed.

MEN AND MATTERS

Service Director Elmer McClain, in Wapakoneta Thursday evening, addressed the members of the Brotherhood of the Presbyterians church, of which the Rev. J. Norman King is pastor. The meeting was held at the home of D. W. Whitson.

Glenn H. Alexander, district manager for the Penn Mutual life insurance company, left Thursday for the state meeting of the Penn Mutual agents at Cleveland, Friday and Saturday. Alexander will deliver an address on his methods in writing life insurances.

R. D. Burch, of the Thompson Drug Co., is in Dayton on a business mission.

WELL TO BE SEARCHED FOR BODY OF BOY

MASSILLON, Ohio — Search of the well on the John Paul farm near here, will be made for the body of Robert Dyer, 19, who disappeared August 5, 1919. Corner T. C. McQuate announced today.

Valve drawn from the well several days ago, was found to contain wisps of human hair. McQuate refused to say what reasons he had for believing the well held a body, other than of Dyer.

Yer's disappearance has been a deep mystery and no motive has been developed, police said.

SPEEDSTER PULLS DOWN FINE OF \$10

J. A. Carpenter, 22, of 935 W. Street, stepped on the accelerator of his automobile a little too hard Thursday evening and as a result he was among those present before Judge Jackson in criminal court Friday morning, to answer a charge of speeding.

Carpenter was arrested on W. Street by Chief of Police Roush and "Dix" Watkins, emergency officer, who claimed he was going 20 miles per hour.

In court, Carpenter pleaded guilty and was fined \$10.

DR. BARKER TALKS TO STUDENTS

Strong Arm, Clear Head, Brave
Heart, Essential

"How To Make The Most Out Of Life" was the subject of an address presented by Dr. Chas. E. Barker before the Central High School students at the Central High auditorium, Friday morning.

Dr. Barker opened his address by stating that contrary to the general opinion of high school students there are some important things that a boy or girl do not know when they leave high school.

A strong arm, a clear head and a brave heart were the three requirements that former president Garfield considered necessary for success and ever since Dr. Barker heard Garfield make this statement he has considered these three things as the most things in life.

Dr. Barker stated that the general opinion among pupils that a diploma means education is wrong. "The chief purpose of an education is to train the mind and the will to do the work that has to be done when it has to be done whether you want to do it or not," he said.

Dr. Barker stated that the average student does not study correctly. It is impossible to study, according to the speaker, if one lets his mind wander continually away from the subject he is trying to master.

"The biggest asset you can have is a brave heart," said Dr. Barker. "This does not mean that to have a brave heart you must rush into a fire to save people or enlist if there is a war. There are both brave things to do but a far braver thing is to be able to resist temptation." According to Dr. Barker the hardest thing to mend is a broken character and the person that can say "No" when he knows a thing is wrong, is the person that will make a success out of life.

HER OWN CAREER

By PHYLIS PHILLIPS
NATALIE VISIT

Gwendolyn quickly came to her senses when she realized that she was face to face with a semi-insane woman, and alone in the house. With a super-human effort she tried to shut the door, but found that Natalie was too quick for her. She stepped back in the way before and had her foot in the way before Gwendolyn could accomplish her purpose.

"That's no use at all, my dear, I've come to have an interview with you, and I'm going to have it. I advise you to be rather quiet for the time being, in any mood to be quarreled with," said her visitor pointedly.

She then forced Gwendolyn to one side and swaggered into the studio. Gwendolyn followed her. She decided quickly that it would be better to appear outwardly calm before this woman, for any undue fear on her part would do the other to take advantage of her in every way. She recognized Miss Natalie as a character and sent up a prayer that soon some one would come to the studio to assist her.

Then she turned to see what was wanted of her.

Natalie stared at her with her large, cold, green eyes, mercilessly, then entered at the girl.

She was huge and coarse and her face was red apparently from running. She had on a dark dress and many scarfs, which but intensified the coarseness of her features. Her hair was unkempt and she carried a small black handbag.

Still sneering she got her eyes sweep Gwendolyn's face from head to toes and then first into a hoarse laugh.

"I know this better than anyone else. He is tickle as any woman. He is in love with love only. I have been his victim for years. And much as I hate the job, I don't intend to let you or any other American child like you to take him from me now that I have begun to lose my looks. Also let me tell you that, unless you let him alone, I shall break you as I would anything that came in my way, and I shall drag your name thru the dust. Beware of the rage of a Polish woman."

Your name will be in every paper that I can get it into, if you do not let my Fedya alone. You, girl, with the soul of a stuffed doll. He loves you now for your smooth skin and the wonder in your eyes, but let him once see the first wrinkle which he himself will help to put there, and take the wonder out of your empty eyes, and you will be left just as high and dry as was ever Natalie. Much quicker, for I, at least, was a colorful continental woman, the kind Fedya needs above all. While you, fragile one, can give him nothing but your looks. They alone never could satisfy him. Never."

Here she walked up to Gwendolyn and shook her fist in her face.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bites, colds of the chest (it often prevents pneumonia), 35c and 65c jars; hospital size \$3.00.

C. & E. MEN TAKE BIG WAGE CUT

Hours and Pay Reduced for Section and Dock Men

MRS. A. EURY'S MOTHER DIES

Former Spencerville Couple go to Korea as Missionaries

SPENCERVILLE — (Special) — The local employees of the Erie railroad who had their wages cut this week, the section men, were not the only ones who suffered. They were getting 45 cents an hour, but were reduced to 40 cents an hour, or 40 hours work per week, or a total of only \$12. Men working at the coal dock were cut from 48 cents an hour to 40 cents an hour, and given 40 hours work a week. Station men, clerks, etc., work seven days a week but receive pay for six days only. This is the most severe cut Spencerville workmen have received since wages started down last fall.

Deputy revenue collector S. P. Herlins will be at the office of the Spencerville Loan and Savings Association, Friday and Saturday, February 11 and 12, to assist those from Spencerville and community who may call, in properly making out their income tax returns.

Mr. and Mrs. R. W. Evans received word of the death of their daughter child at Rome, N. Y. The child died of diphtheria. This is the second child in the same family to be taken by the dread disease in two weeks.

Solomon Moerman and Mrs. Netie were united in marriage at the residence of Rev. C. J. Hance. They will make their future home on a farm north of Spencerville.

Mrs. A. Eury, who was called to Spencerville, Indiana, on account of the serious illness of her mother, arrived at her childhood home just forty minutes before the mother passed away.

Mr. and Mrs. George Lutz left for Columbus to visit with their son, Peter Lutz, and wife. Mr. and

"FRIENDS" PICTURE MADE HUSBAND SURE

KANSAS CITY, Mo.—All young men look alike, a matron told W. J. Burke, legal aid attorney.

"My husband is about to sue for divorce and thru no malice of mine. I sent his picture to a firm in Chicago to have it enlarged. I had saved enough from my allowance to show my love for him by hanging his enlarged, youthful countenance over the fireplace.

"I waited two weeks for the picture to be returned, and when it came my husband found it first. He smashed it into a debris of fragments and then announced that a divorce was imminent.

"The fact is that I confused his portrait with that of one of my early flames. I sent the wrong one. "Call next Monday," said Mr. Burke. "We'll take the case under advisement."

TODAY IN CONGRESS

SENATE: Joint meeting senate and house Republican steering committee to plan legislative program for remainder of session.

Manufactures committee goes on with coal hearings.

Various appropriation bills being considered by committees.

HOUSE: Continues consideration of army appropriation bill.

Admirals Sims and Flske to testify as to effectiveness of battleship against the airplane before naval affairs committee.

POLICEMAN WATSON IN FINE SHAPE AGAIN

Has Gained 22 Pounds and Is Well and Strong as Any Man in Town Since Taking Tanlac, He Says

"Yes, sir, I have gained 22 pounds in weight by taking Tanlac, and I'm as well and strong as any man in town," said Wester Watson, a well-known policeman living at 63 Harrison Ave., Cuyahoga Falls, Ohio.

"I hadn't been myself in years—just felt bum and no account all the time. My appetite was practically gone, and my stomach bothered me so that whenever I ventured to eat a little something I always wished af-

terwards that I hadn't touched a bite. My blood seemed to be in bad condition, for my feet and legs stayed numb and cold all the time. At night I rolled and tossed so that sleep was next to impossible and I went down considerably in weight and didn't know what it was to ever feel good.

"Well, after I started taking Tanlac, I never saw any body pick up as fast as I did. I took six bottles and now I am in as good health as any man on the force. I weigh 171 pounds, am as strong as an ox, and feel as fine as I ever did. Tanlac is great. It's got the world beat."

Tanlac is sold in Lima at Hunter's Drug Stores and by the leading druggist in every town.—Adv.

LIFTS THE BAN ON ALL STARCH FOODS

Glen D. Stoehr, who lives at the C. H. & D. Hotel, Lima, tells a story in regard to how he overcame his wife's stomach trouble.

This story reminds us of the time when we had "starchless" and "starchless" days and nights. "Thank goodness they are past. Not all of us remember 'starchless days' and yet, 'starchless days' are still in existence. Thousands who cannot eat potatoes, beans, macaroni and other foods that contain a large percentage of starch. Peppen has been instrumental in lifting the ban on 'starchless' days for many.

because this substance ferments in their stomachs. Then often follow such headaches, sleeplessness, nervousness, dizzy spells and other ailments.

In regard to Peppen Mr. Stoehr says, "My wife has stomach trouble. She couldn't eat such foods as beans and macaroni without suffering afterwards. She frequently had pains in her stomach."

"I could notice a betterment in her condition soon after she started to take Peppen. She is now in good health thanks to Peppen."

Peppen may be obtained at Charles M. Hunter's drug stores and at other leading stores in Lima, Wapakoneta, Ubersville, Ottawa, Spencerville and all nearby towns.—Adv.

ASPIRIN

Name "Bayer" or Genuine

It's criminal to take a chance on any substitute for "Bayer Tablets" or Aspirin. Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuritis, Rheumatism, Earache, Toothache, Lumbago, and for pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacturing of Monocetaceticacidester of Salicylicacid. — Adv.

Hair Often Ruined By Careless Washing

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is Mulstified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonsful of Mulstified will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulstified coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months. Be sure the druggist gives you Mulstified.—Adv.

BLOOD IS FUEL TO THE BODY

Pumped Through the System by the Heart it Sustains the Muscles and Tissues

Pepto-Mangan Helps Blood

Keep the Quality of Your Blood at its Best—it Means Vigorous Health and Ability to Accomplish

Blood acts like a fuel. Pumped through the body by the heart, it sustains the muscles and tissues. It feeds the brain—the tissues of the eye and face. That is why people look so pale and listless when blood is impoverished. The body tissues being supplied with weak fuel. The blood has not enough red corpuscles with no more pigment in it; poor blood should you let the fuel that supplies sustenance to your entire body be inferior. Have good blood. Improve the quality and keep it at its best.

If you look pale and feel weak, it is because you have lost your enthusiasm and energy. Your blood is clogged with poisons, your system is being fed with a poor grade of blood. That is not at all good. If you are at the source of the trouble right away. Put an end to half-living.

Take that ideal tonic, Pepto-Mangan, to tone up your blood and purify it. Get the full enjoyment out of living. Breathe fresh air, take exercise. Be sure to ask of "Gude's" Pepto-Mangan. It comes in convenient, pleasant form and in liquid. One has the same medicinal value as the other. There is only one genuine Pepto-Mangan, and the name "Gude's" is on the package. Advertisement.

BILL TO REGULATE PHONES OFFERED

Interchange of Service Required in Ohio Measure

COLUMBUS — (By Associated Press) — Representative Prange of Lucas-co., introduced in the house today a bill, one requiring competing telephone companies to allow interchange of service and permitting consolidation of telephone companies and empowering the state utilities commission to fix all rates for telephone service and to divide between two or more companies on account of interchange of service. Failure of one company to receive and transmit messages from the lines of another would make the company violating the law liable to a forfeiture of \$100 for each case of neglect or refusal to give interchange service.

Representative Bug, of Glillsco., introduced a bill to limit the state board of education upon recommendation of the state superintendent of public instruction to issue life certificates to teachers holding five and eight year teaching certificates after they have completed 30 months of successful teaching.

ERIE RETRENCHMENT HITS LIMA EMPLOYEES

In pursuance of a general policy to cut operating expense, the Erie railroad has reduced the wages of its employees in the Lima district by 10 per cent. This action has caused much dissatisfaction among the employees, who are holding out for a 10 per cent. increase each week on different days it was announced Friday.

As an illustration of the plan, named plan the junior of the Lima ticket office was furnished from day and night duty, a freight hand and junior duty. This plan of interchanging jobs will be used in every department.

CINCINNATI MAN TO SPEAK HERE SUNDAY
Getting by your house, will be the subject when Samuel W. Gray, well known Cincinnati, speaks before the men's meeting at the Memorial Hall Sunday afternoon.

Several selections will be given by the "Y" boys' orchestra before the meeting and "Happy" knock of the Garford Motor Truck company's glee club will sing several solos.

G. A. R. MEETING SATURDAY
The regular meeting of the W. H. Armstrong Post, No. 292, G. A. R. will be held at the post room at 1-20 o'clock Saturday afternoon. Special business will come before the session. W. D. Hoffer, commander, says in his call.

COMMITTEE FROM MILTON PA., INSPECTS LIMA "Y"

A group of visitors, headed by G. C. Spur, secretary of the Y. M. C. A. of Milton, Pa., were guests of the local "Y" Thursday.

The party, comprising G. C. Spur, G. S. Shinner, D. B. Cannon and George S. Leffle, was in Lima to inspect the Y. M. C. A. building, to obtain ideas for their own building which will be started in the near future.

According to Spur, \$265,000 was raised in Milton in five days for the erection of a Y. M. C. A., altho the town can only boast a population of 200 people.

RAYMOND LEFFLE TAKEN ON NON SUPPORT CHARGE

Raymond Leffle, 335 St. John's-ave., was arrested by Deputy Sheriff Clarence Fraunfelder Friday on an indictment returned by the recent grand jury, charging non-support of an illegitimate child. Leffle is confined in the county jail. He will probably be arraigned Saturday.

CASES ARE SETTLED AND DISMISSED FROM COURT

The case of E. B. Croy and Doyle McMillan against Fenton K. Siderer and F. H. Bergman, suit for commission on sale of real estate, has been settled out of court and dismissed.

Other cases settled are: Warren Jones and others against the White Mount Creamery Company, in which the suit against the company was settled out of court and dismissed.

COLUMBUS — Funeral services for Edwin Jones, former chairman of the Republican state executive committee and candidate for the Republican nomination for governor of Ohio in 1918, who died here yesterday after a long illness, will be at Jackson, Ohio, at 2 p. m., tomorrow. The body was viewed by friends here this morning.

GOT THEIR DRINK

LONDON — During seasonable festivities at the R. A. F. station, Mount Batten, five Americans landed from a yacht and begged for a drink. They were not aware of the regulations which forbid landing at the point without authority and tendered the excuse that they were from dry America. They weren't court-martialed—and they got a drink.

Are You Corn and Bunion Crazy? Do Your Feet Ache, Burn, Sting and Itch? Here's Instant Relief.

Torturing, joy-killing Corns and Bunions or sore, hot, tired, tender, swollen feet are unnecessary now for folks who know about Geyo's Wormwood Balm—the new foot joy. Why be irritated, cross and peevish limping and dodging down the street—every step an agony? Try this! Before you go to bed tonight just rub on a little cooling, soothing, penetrating Wormwood Balm. Ah! what relief! Instantly your feet will feel cool and firm. It draws out all the aching, stinging, burning soreness like magic until your feet could dance for joy. No more dangerous corn-cutting or peeling, no more sticky, burning messes that eat off half your toe. No more rags or plasters. Just real foot comfort day in and day out. Simple, safe, easy and pleasant to use and not at all expensive. Get the Genuine Geyo's Wormwood Balm—Adv.

William Mausner Grateful to Mt. Carmel Hospital

TREATED THREE YEARS AGO

General Resume of the News of Wapakoneta

WAPAKONETA, A. — (Special) — by the terms of the will of William Mausner, who died in the Ohio penitentiary, a week ago, Mt. Carmel hospital, Columbus, will receive \$700, Mausner's entire estate. Mausner, a cripple, was sentenced from Wapakoneta for vagrancy.

Officials at the hospital stated that Mausner received treatment there six years ago. Having only one arm didn't prevent Mausner from traveling about the country on a bicycle, a special contrivance having been provided on the handle bar of his machine, by which the stub of his arm could be used in helping to guide the cycle.

He carried a small camping outfit and when found by officers last winter in the woods near Buckland, hovering over a small fire, Mausner was nearly frozen. Ill, vermin covered and poorly clad, he was taken to the county jail and after being stripped and provided with new apparel, Sheriff Hinton was about to burn Mausner's old clothing, but a notion to inspect it struck Hinton and secure in the lining was found \$700 in currency.

Dr. C. H. Smith, professor of history and economics in Bluffton College, will be here to deliver an address before school pupils on Abraham Lincoln, Friday.

The average daily attendance of students in the schools here for month of January was 97.2 per cent, according to Superintendent Nardin.

Because of ruling of the State Industrial Commission that building is unsafe, board of education refused permission to High School basketball team to play a game on Williamson School floor to secure funds to attend tournament in Delaware.

F. W. Forsythe of the state civil service commission held an oral examination here Thursday for applicants for the position as janitor of court house. Six took the examination. Joe Drexler has resigned.

Newton Reese, employed at Wapakoneta Wheel Co., may lose third and fourth fingers of right hand as result of accident when he had his hand caught in a circular saw.

Engineering firm of Froehlich & Emery of Toledo has been employed to prepare plans, specifications, profiles and estimates for rebuilding and extending the municipal light and power system and supervise the construction of same.

When he coasted down bank of Auglaize river onto thin ice, Leonard Geib, 15, had a narrow escape from drowning. He was going under when rescued by companions with hockey sticks.

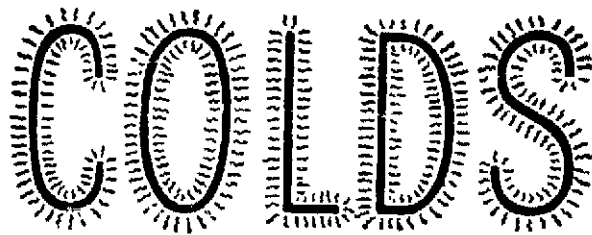

Married. Charles Graham, Lima,

and Miss Sadie Davenport, Buckland; Robert Speer of this city and Miss Jessie Bowersock, northwest of here.

G. A. Winter has been named chairman of the Chamber of Commerce committee to endeavor to secure a large membership. He will appoint team workers.

A check issued by Probate Judge H. S. Vaubel when he was Justice of the Peace in 1913 to a witness, H. H. Davis, has just turned up at a bank here, after an absence of seven and a half years.

President R. B. Anderson of the Chamber of Commerce appointed Carl D. Fischer, N. William Hamilton and Otto J. Boese as a committee to co-operate with Board of Education in organizing Y. M. C. A. and library.

"Pape's Cold Compound" Breaks any Cold in a Few Hours

Instant Relief! Don't stay stuffy! Quit blowing and sniffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up. The first dose opens clogged-up nostrils and air passages of head; stops nose running; relieves headache, dullness, feverishness, sneezing.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist upon Pape's.—Adv.

CENTRAL AND SOUTH HIGH HAVE GAMES HERE TONIGHT

PROPOSE CHANGES IN FOOTBALL RULES WHEN COMMITTEE MEETS IN NEW YORK ON MARCH 5 TO REVAMP GAME—TO DECIDE PASS

ST. MARYS HERE TO PLAY SOUTH SIDE SCHOOL TONIGHT

South Hi, having no Trolley League game scheduled for tonight, is taking on the strong St. Marys Hi team for a game to be played in their gymnasium.

St. Marys has been traveling at a whirlwind gait, and last Friday played thru the Spencerville tournament but were defeated in the finals by Rockford by a small score.

Twice the team has defeated Spencerville Hi, and are a hard aggregation to beat.

Since their game against Central, South Hi has been practicing hard under Coach Young and are in tip-top shape for tonight's game. The boys they made against Central put their life into the South Side quintet, and they are out to meet all comers.

STARS ARE READY

Brookhardt and the bigger, the two mainstays of the team, with the lead, their scrappy guard, are prepared to give St. Marys a run for their money and are confident that they will have little difficulty in defeating the Auglaizean team.

Much local interest has developed in South's team after their tussle with Central, and their favor with local sporting fans has increased about a 100 per cent.

SENATORS IN GOOD SHAPE THIS YEAR

WASHINGTON — "Somebody's going to win," he asserted decisively, Clark Griffith, president of the Washington Senators today warned baseball fans.

"Any one of four or five teams is likely to win," he asserted decisively. Griffith didn't say who would win, but named two that would not.

SAYS SOX ARE OUT

"The White Sox are out of it," he said. "Not a chance. And let Cleveland pitcher and an outfielder and they're out. I wouldn't give Cleveland an inch in the pennant race. Every man on the team except Gardner played over his head last season. Why, if Cleveland beats me 11 out of 22 times, I'd be disgraced."

Griffith spoke a good word for the St. Louis Browns' chances and saved over others as certain entries in the surprise handicap.

HIS TEAM STRONGER

"Washington is stronger both in infield and outfield this year than last," he continued. "Harris was new last year, but he's developed into the best second baseman in the league except possibly Eddie Collins. Duffy Lewis will strengthen the outfield too."

Walter Johnson's arm is all right, Griffith said, predicting a big year for his star pitcher.

RECRUITS SIGN CUB PAPERS

NEW YORK — Willie Hoppe, world's billiard champion, was waiting today for Edward Horanman, Belgian champion, to cover a \$2,500 forfeit betting a 1,000 point, 18-2 balk the match. Hoppe posted the money as he expressed a desire to play any time at any place for a side bet up to \$25,000.

George Fanning, manager of the Philadelphia Ice Palace, has bid \$10,000 for the match.

Take Three Teeth From Skull of Cage Player

MINNEAPOLIS, Minn. — Three teeth, a quarter of an inch long, were found in the head of George Evans, agricultural school basketball player, here last night after he collided with Ralph Smith, Minneapolis Y. M. C. A. player. Smith found three front teeth missing, while Evans suffered a gash over his right temple. Physicians examined both men and extracted the teeth from Evans' head. Smith finished the game with Smith's team winning, 23 to 21.

LANDIS ASKED TO EXPLAIN DUAL ROLE

WASHINGTON, D. C. — Accepted by Federal Judge Landis as the position of high commissioner of baseball brought additional action Thursday from Representative Wolcott of Ohio.

Mr. Wolcott, who yesterday introduced in the house a resolution proposing a congressional investigation of Judge Landis' acceptance, announced he had acted today as follows:

Requested Judge Landis by letter to state by what authority he accepted the baseball position at a salary of \$12,500 a year while serving as federal judge for the northern Illinois district.

WANTS LANDIS' CONTRACT Asked Judge Landis to send him a copy of the contract which he signed with organized baseball to act as its chief arbitrator.

Called on United States District Attorney Clark at Chicago to supply him with a copy of the indictments pending against former members of the Chicago American league club.

Wrote Attorney General Palmer asking if there was any law making it a misdemeanor for a federal judge to hold another position from which he received financial remuneration while holding his seat on the bench.

PROPOSES BILL TO COVER CASE Representative Wolcott also announced that should he be informed by the attorney general that it could not be considered a misdemeanor under the law for a federal judge to accept financial compensation for work other than that incident to his judicial duties, he proposed to introduce a bill covering such a contingency.

TERMS NEAR TO ASSURE BIG BOUT

(BY HENRY L. FARRELL)
 (United Press Staff Correspondent)
 NEW YORK — Two cables from Europe were needed today to put the stamp of finality on the Dempsey-Carpenter fight.

"As soon as Charles B. Cochran cables the power of attorney for the transfer of his interest to me, when Carpenter answers a new term proposition, the bout will be sure," Tex Rickard said.

WILL NOT COMMENT

America's promoting power would not comment on the "new terms" but it is taken for granted that the Frenchman will be led to work on a percentage basis like Dempsey has agreed to do.

Necessity of the power of attorney from Cochran is merely a legal technicality required to allow Win. A. Brady, his partner, and American representative, to sign the transfer papers.

Since the champion had no objections to taking a percentage of the spoils for his part on the program, Rickard expects no opposition from the French camp.

SURE THEY'LL AGREE

Dempsey and Carpenter know we made our original offer in good faith and would have fulfilled it if unforeseen difficulties had not developed. They know the price limitation in New York changed the complexion of the whole contest and I'm sure they'll agree to new terms," he said.

While Rickard has not committed himself, it is understood he is willing to give the boxer 75 percent of the "house." No trouble was experienced in getting Jess Willard's agreement to a change of date and a percentage purse for his return bout with Dempsey.

JESS IS WILLING

The former champion is willing to accept 15 per cent of the gross receipts and will post \$15,000 for his appearance.

His only concern, in a message to Rickard, was for assurance that he would get the chance for the title fight as late as Labor Day.

CRESCENTS WIN FAST GAME FROM BELLEFONTAINE

The Lima Crescents fairly played the Bellefontaine Independent off their feet in a fast game of basketball on the St. Rose auditorium floor last night, and the final score at the end of the game stood 55 to 13.

The Crescents started off fast, and at no time during the game did the Bellefontaine aggregation gain a lead. The game was interesting, and a crowd that packed the auditorium was on hand to see the fray.

Jake Gross, known to sporting fans more as Kid St. Elmas, played a whirlwind of a game, covered the floor in great shape. However, he was inclined to be a bit rough on the Bellefontaine lads and had personal fouls called on him about 10 minutes before the game ended.

LEWIS IS STAR

Bob Lewis, the Crescents' rangy center and leading point scorer, played a wonderful game. He got the tap off his opponent at most every jump. In each half he made five field goals, which counted 20 points for his team.

Furlong, playing right forward, was second in the number of field goals, tallying nine during the game. In two preliminaries the St. Rose Midgets defeated the St. John's Juniors 7 to 4; and the Garford Blacks defeated the Garford Whites 4 to 0.

The line-up and summary of the main game was as follows:

Crescents: Furlong, Lewis, Van Wyck, Brackney, R. Lewis, Grubbs, J. Gross, Herron, J. Smith, J. Gross. Substitutes—Furlong for T. Lewis, R. Smith for L. Van Wyck, J. Ride-nour for J. Gross. Field Goals—Crescents: Furlong 9, Van Wyck 3, Lewis 10, J. Gross

BALL SCANDAL UP IN COURT WEDNESDAY

CHICAGO — The 1919 baseball scandal will break into open court next Wednesday.

Decision to place the case on call in Judge William E. Dever's court and ask that the earliest possible date be set for the trial of the White Sox players and baseball gamblers indicted on charges of conspiracy to "throw" world series games was reached at a conference called yesterday by Chief Justice Charles A. McDonald of the Criminal court.

The order switching the case from the jurisdiction of Judge J. J. Sullivan was part of a general docket revision which allows only county jail cases to be tried in the Criminal Court building. All bail cases, where defendants are not lodged in the overcrowded jail, are to be tried elsewhere. Chief Justice McDonald made the new ruling to help relieve the jail congestion.

JUST TO RESUME MONDAY

Further investigation of the alleged attempt to sell minutes of the baseball grand jury and the alleged libelous charges regarding Judge McDonald's personal interest in the original investigation will be made by the grand jury Monday. It is understood that several additional witnesses will be called in connection with a series of interviews written by a New York newspaper by E. G. Edwards, a Chicago correspondent.

BEIGER ISSUES DENIAL

Attorney Henry A. Beiger, one of the men quoted in the articles, returned home yesterday and immediately denied the statements credited to him.

"I wish to deny emphatically that I never made the statement credited to me in Edwards' article," he declared in a letter written to Chief Justice McDonald. "I did state that, in my opinion, the baseball cases would not be tried because the indictments were bad and no crime had been committed. Nothing whatever was said about your relationship to the baseball investigation or Ban Johnson's relationship to you."

JONES A TRIED PITCHER

Percy Jones joined the Cubs last season and was carried as utility pitcher. He was discovered in the spring in the West Texas league by Jack Doyle. In the few chances he had on the slab, he displayed a lot of stuff and lacks nothing but experience.

Hanson, also had been tried by the Cubs last spring and sent to Peoria for more seasoning. He developed into quite a young star in the Three Eyes league and may be ready now for the big show.

Brown was a shortstop last year with the Springfield, Mo., club and showed enough class to merit a big league trial.

LEGION TEAM TO HOOK HORNS WITH HIGH SCHOOL QUINTET

CUB RECRUITS ANXIOUS TO SIGN UP

CHICAGO—Judging from their haste in signing contracts, it looks as if the youngsters who belong to the Cubs are glad they are to be with the north side team. President Veeck sent out the contracts only a little more than a week ago, and yesterday four of them came back signed. The four were George Maisei, outfielder; Percy Jones, pitcher; Earl Hanson, pitcher, and Don Martin Brown, shortstop.

President Veeck was especially pleased in the receipt of Maisei's contract and a letter that came with it, because Maisei is being counted on to make good as the regular left fielder for the Cubs this year. If one may judge from his record last year with Portland in the Pacific Coast league and from the keen interest shown in his letter, there seems little doubt but that he is made of major league stuff. Maisei is wintering at Catonsville, Md.

PLEASED TO SIGN WITH CUBS

"I am greatly pleased in having the chance with the Cubs," he wrote, "and am also well satisfied with the terms of the contract. I feel sure that I will make good for you and wish it was time now to start on the training trip. Will be ready to start at any time you call me."

Quite a number of coast experts rated Maisei as the best outfielder in that league last year. He was a whale of a hitter, a strong thrower and splendid base runner, which covers the main qualification of a big league outfielder.

Manager Evers when here, stated he expected to give Maisei a chance at the left field job and shift Davy Robertson to right, leaving Max Flack to take care of center. Maisei being a right handed thrower will fit in better in left field than Robertson, who pegs with the left hand, and naturally is out of position to peg when going toward the foul line after a fly ball.

JONES A TRIED PITCHER

Percy Jones joined the Cubs last season and was carried as utility pitcher. He was discovered in the spring in the West Texas league by Jack Doyle. In the few chances he had on the slab, he displayed a lot of stuff and lacks nothing but experience.

Hanson, also had been tried by the Cubs last spring and sent to Peoria for more seasoning. He developed into quite a young star in the Three Eyes league and may be ready now for the big show.

Brown was a shortstop last year with the Springfield, Mo., club and showed enough class to merit a big league trial.

BILL AIMED AT GAMBLERS

Ald. Kostner of the Thirty-

A game that has all the prospects of being an interesting exhibition of basketball is scheduled to be played tonight on the Central Hi floor when the Legion basketballers meet the Central Hi squad.

This game was scheduled Wednesday night after it had been found out that the game to have been played at Fostoria had to be called off on account of an epidemic in that city. Central had made elaborate plans to attend the game, and had chartered a special car on the Western Ohio to carry the rooters.

Manager Costello accepted the game, as his team too was out of a game this week. According to Costello Thursday night, his team is a bit leary over the Central squad and almost anything may be expected to happen.

While the Legion team has the weight, they are playing on a strange floor and are about evenly matched when it comes to speed and passing the ball.

GOING TO BATTLE HARD

Coach Detrick and his squad know what kind of a team they are going up against and are going to put up the battle of their lives against the Legion team.

As a general rule when two home town teams meet, there is much disputing and roughness. However, both team managers stated Thursday that their players are going in for a friendly game and all the rough stuff will not be tolerated.

Since the announcement of the game, much interest has been manifested and that the gym will be packed for the game is practically assured.

It will be called promptly at 7:30.

PROPOSE NEW GRID RULES FOR MEET

NEW YORK — When the football rules committee meets here on March 5 for its annual conference, a number of changes in the playing code will be proposed, it was learned today in collegiate circles.

Many of the proposals, it was said, will center around the forward pass. Some authorities are known to be in favor of restricting the play, while others want changes providing for a more liberal use of the pass.

George N. Bankheart of Dartmouth will propose an extra period, in the event of a tie. The usual attempt will also be made to eliminate the goal following a touchdown.

ORPHEUM IS AFFORDING GOOD VAUDEVILLE

Conroy's Diving Girls Featured as the Topliners at Market-st Vaudeville Theatre

Gertrude Astor in "Occasionally Yours"—"Oh My, Omar," Saturday at Memorial Hall

(B. ESTHER WAGNER)

THE kind of vaudeville most appreciated by Lima audiences is being presented at the Market-st theatre the last half of this week, and taken as a whole, is one of the finest little bills they've given us.

The headliner act is Conroy's Diving Models, who, according to the ads, are "beautiful as dawn, exquisite as curve, with forms divine." Because their tank had not been erected at the first performance on Thursday, I have yet to see how exquisite they are. Mr. Conroy is a muscular young man with a voice, and the young lady billed as his sister is very easy to look upon.

The John Gordon Players offer a Highland-kilt that is truly delightful and come some of the best humor on the bill. Miller and King have a novelty offering that got one contagious laugh at the matinee Thursday and have one of the best acts of the bill.

Coffman and Carroll, in dark tones, will some night clever stuff and a few ancient ones, like the one about the chicken banquet. The dancing of the gentlemen half of the quartet, is remarkable and one of the most entertaining features of the act.

Leo T. Apis has the usual line, with some good dancing that makes you for instance else you pass over. O'Neil and Dale, two rather clever girls, have a novel bit of entertainment with a lot of comedy on the side and a song or two that is not really a song.

"Occasionally Yours"

THAT little sound just like "Lea" today doesn't it? Not a man to be seen and one woman and then a man, but a masculine, a masculine with a regular gallery of actors, each of whom he loves—occasionally.

Mr. Conroy is the best little heart-breaker in the business, he is handsome, more or less, and he can act. In the same way, if they need a new love story, I hope they will take Mr. Conroy.

"Occasionally Yours" gives Lew

the role of an artist, whom we are permitted to witness while at work, painting a group of beautiful, gamsels in diaphanous garments.

There is a woman in the case—a young widow portrayed by Betty Blaythe—who loves him to distraction. But the artist in his customary leisurely way, gently informs her that she means nothing in his young life, or words to that effect.

Next we see him the guest of a wealthy friend, who has a sweet young daughter. Daughter immediately becomes enamored of the handsome young artist and doesn't mind in the least about letting him know about it.

And so the heroic young man, to make her happy, says he will marry her. Not for the world would he break her heart. But little daughter overhears him when he explains matters to auntie, whereupon she is crushed, the while Mr. Conroy stands by, slightly bored with his usual "I should worry" expression of face.

If you will notice the cast, you will see the name of Gertrude Astor there. Miss Astor, you know, is Lima's own contribution to the movies, in which she is gaining wide recognition. Certainly she is a beautiful figure in evening dress and an asset to any picture.

"Occasionally Yours" has a splendid cast, a wonderfully clever dog, beautiful sets and scenery, with Mr. Conroy in one of the best roles of his interesting career. He that as it may, I consider the picture a large piece of art.

If Mr. Conroy, the beautiful, the dainty, does realize the sorry hero he is, then he is a hero, for he makes the part big as life and twice as natural.

This feature is being shown today at the Lyric.

"Oh My! Omar"

"Why does a chicken run across the street?"

This perplexing question as well as many others will be explained by Jazbo and Jasmine, negro butler and maid, in the Scarlet Mask play.

"Oh My, Omar," which will show here Saturday at Memorial Hall.

Jazbo, played by James K. Miller, astounds the audience with his keen perception of society life, from the butler's point of view. Why professors are allowed to live, or why a society woman is, are questions which perplex the usual every day mind but to the servant are as clear as the tricks of a third-rate amateur magician.

Jasmine, by J. Manly Foster, is the negro maid who makes herself both conspicuous and useful at the house party given by Stone. She knows all the rich society women by their faces and the poor society

people by their done over gowns from last year.

When the banana peels forth the strains of martial music the shadowy servants are not entirely ignored by Daniel Cupid and their love-making scenes are side splitting for their display of wit and novelty.

Faurot—"Way Down East"

The dangers were real for Lillian Gish and Richard Barthelmess when they enacted the scenes in the snow and on the ice filled river for "Way Down East," which is the sensation of the entire picture world. At the Faurot this week these scenes at each performance cause people to exclaim with concern and there is no one who does not thrill at Barthelmess, as David, in the nick of time, saves Miss Gish, as Anna Moore, from an ice floe that a moment later tumbles over a high fall.

"I don't know how we did it," said Barthelmess during his visit recently at the premiere showing of D. W. Griffith's masterpiece, "and I feel as tho I couldn't go thru it all again. We were for days on 'location' in the height of winter, and the thermometer hovered around zero and generally was below that point. We could not get all the scenes at once—some of them were taken at night and others were only possible when the ice began to flow or was made to flow. We braved pneumonia but the excitement and our enthusiasm kept us going. It was not as bad for me as it was for Miss Gish, who had to go out in the cold and snow, in veritable blizzards, thinly clad. I wore a heavy fur coat and I was not too warm. But she did not complain and even when her cheek was frozen, she was brave. We couldn't do it all in one day, and day after day we were obliged to venture forth, buoyed up by our desire to do the best of which we were capable.

Faurot—"Look Who's Here"

Cecil Lean, co-star with beautiful Cleo Mayfield in the snappy, melodious musical comedy "Look Who's Here" at the Faurot next Monday night, has appeared in more musical plays which have enjoyed long runs than any other comedian on the American stage. He appeared in 250 performances of "The Blue Paradise" at the Casino in New York, in 250 performances of "The Soul Kiss" in New York and at the La Salle theatre in Chicago in four pieces, each having an average run of more than 200 performances. These musical plays were: "The Isle of Spice," 255 performances;

MISS WAGNER'S UP-TO-DATE VAUDEVILLE AND MOVIE GOSSIP

"The Royal Chef," 260 performances; "The Time, The Place and the Girl," 493 performances, and "The Empire," 250 performances.

A WELL-SPENT INVESTMENT

that pays a life-long interest
greater than any bank in ex-
istence, is a trifling sum to pro-
tect your teeth.
Too many people consider it
money spent instead of money
placed for a wise purpose.
Speculation may be a good
thing at times, but it usually
ends in a great loss when ap-
plied to teeth.
The benefit of my operations
is such that my patients re-
ceive a fund for the care of
the teeth.
A call will be as interesting
as a feast.

MUTT AND JEFF—WHAT CHANCE HAS MUTT'S SON GOT WHEN JEFF'S AROUND?

SHORT SHAVINGS

While making a visit to New York, a man unmistakably of country origin, was knocked down in

the street by an automobile. A crowd instantly surrounded him with condolence and questions.

"Are you hurt, my friend?" kindly asked a gentleman, who was the first among the rescuers, as he helped the stranger to his feet and brushed the mud and dust from his clothes.

"Well," came the cautious reply of one evidently given to noncommittal brevity of speech, "it ain't done me no good."

"Funny thing happened the other day," related Jones. "I was in one of those near-by places and absentmindedly asked for a Manhattan cocktail."

"Did you get it?"

"No. The Manhattan any."

Jimmy's mother was giving him a sound scolding about his unwashed neck.

"You know you haven't washed your neck," said his mother.

"Gee whiz!" said Johnny, a note of desperation creeping into his voice, "ain't I got to wear a collar?"

"Our literary society is going to debate the Irish question tomorrow night."

"Who is the president of your society?"

"I am. Want to join?"

"No, no. I want to secure the motion picture rights for that debate."

Had you concluded that Huckleberry would never become a bright—just try Blue Devil on it once.

Where there is a persistent cough or general rundown condition, there

ALSO MAKERS OF

KI-MOIDS (Tablets or Granules) FOR INDIGESTION

OLD MAN AT 75 FEELS YOUNGER TOOK HYPO-COD

It's a Grand Tonic Said Mr. Johnson. Worth Thousands of Dollars

SLEEPS LIKE BOY NOW

When a tonic is strong enough to make an old man aged seventy-five feel younger and one hundred per cent stronger and better all over it is certainly worthy a test by anyone troubled like he describes below.

"I suffered a great deal with my stomach, bloating and indigestion pains. I did not dare eat baked vegetables, etc., or even a piece of pie. I had to stay away from meat and was in extreme misery. I had just had the flu too and though I took two or three different kinds of medicine nothing helped me until I got Earle's Hypo-Cod.

"Now I have a splendid appetite. In fact, my wife is amazed at the way I eat and anything I want, too. I'm eating like a wood chopper and although I used to be nervous and unable to sleep, I sleep like a boy again. No gas, no bloating, no attacks bother me any more and I'm getting so young and spry again. I wouldn't take a thousand dollars for the good it has done me," declared Mr. Charles Johnson, 1267 East Main St., Columbus, Ohio.

Why shouldn't Earle's Hypo-Cod quickly put a person back on their feet feeling full of pep? It is powerful, pleasant tasting, modern and up-to-date and being made by the Earle Chemical Co., assures you of the finest quality in medicine. Drown in at the drug store tonight and read the formula on a bottle. Ask the manager about it or your family physician. Better still take home a bottle tonight and see how nicely and quickly it does the work.—Adv.

Now Come The Bigger, Better Sealdsweet Grapefruit

The big, juicy Sealdsweet grapefruit you can now buy are the very best from Florida's famous groves.

Fully a year ago these superior food-fruits were born in the fragrant blossoms of the grapefruit trees.

In the spring, during the summer, through the fall and into the winter they have been storing up Florida sunshine for your enjoyment.

As Sealdsweet grapefruit increase in size they gain in juice, flavor, sweetness and other elements that make them so delightful when fully ripened.

Now and for the next three or four months, your dealer can supply you with the bigger, better Sealdsweet grapefruit that tune the meal and tone the system.

Tell your fruit man you want the large sizes of Sealdsweet grapefruit, because they are fully matured and juicier than smaller ones—he will furnish them if you insist.

Sealdsweet Oranges—

Like grapefruit, Sealdsweet oranges attain perfection at this season, when fully tree-ripened.

Containing more juice than oranges grown elsewhere, Florida Sealdsweet oranges are now sweet and full-flavored to the highest degree. Ask your dealer for them.
